

# ORION

ENGINEERING WEIGH

### MARVEL

- Bright RED/GREEN Display
- Tough & Rugged
- Built in Rechargeable Battery
- SS Platter 260 x 350mm.
- Cap: 5Kg, 10Kg, 15Kg, 20Kg, 30Kg

### OPB (LED)

Ideally suited for Precision Weighing in

- Industries
- Laboratories
- Jewellers
- Educational institutions
- Cap : 310gm & 610gm

### MECHANICAL PLATFORM SCALE

- Cap : 300kg, 500kg, 1000kg

### ADVANCE WEIGH-BRIDGE INDICATOR

- Sophisticated combination of reliable hardware and software
- Designed for multi-loadcell weighbridge application.
- Approved by RRSL, Dept. of Consumer Affairs, Govt. of India

### ELECTRO MECHANICAL SCALE

- Easy upgradation
- Value addition to proven mechanical platform
- Built in rechargeable battery
- Durable, affordable & Economical
- Cap : 300Kg, 500Kg, 100Kg, 2000Kg.

### PLATFORM SCALE HEAVY DUTY

- Display on attached pole OR on a separate stand
- MS chequered Platter and Back Rail(up to 750 x 750mm)
- Inbuilt rechargeable battery backup systems
- Rugged construction for **Commercial / Industrial Use**
- Cap : 100kg, 200kg, 300kg, 500kg, 600kg, 1000kg, 2000kg, 3000kg, 5000kg

Affordable  
Accurate  
Durable &  
Reliable

### BENCH PLATFORM SCALE

- SS Platter and Back Rail
- Inbuilt rechargeable battery backup systems
- Rugged construction for **Commercial / Industrial Use**
- Cap : 30kg, 50kg, 60kg, 75kg, 100kg, 200kg, 300kg, 500kg, 600kg, 1000kg

## ENGINEERING WEIGH

*Affordable, Durable,  
Accurate and Reliable*

### OPB Series

#### Jewellery

Capacity- 300g to 3kg  
Accuracy -10mg to 50mg

### Platform Scale

Capacity- 100kg to 600kg  
Accuracy - 20g to 50g  
Platform Sizes from  
450 X 550mm, 550 X 650mm, 600 X 600mm.  
SS Platter & SS Back Rail

### Weigh Bridge Indicators

#### Ultima + (ABS)

### Table Top machines

#### Pride

Capacity- 600g to 20kg  
Accuracy - Resolution 1/3000 to 1/30000  
Platter size - 195mm x 255 mm. Also available in metal housing

#### Counting

Capacity- 10kg to 30kg  
Pride housing for scales up to 10kg.  
Marvel housing for scales from 15kg to 30kg.

#### Ultima + (Metal)

#### Ultima

### Price Computing Scale

Capacity- 600g to 20kg  
Accuracy - Resolution 1/3000 to 1/30000  
Platter size - 260mm x 350mm

### Check Weighing

Capacity- 600g to 20kg  
Platter size - 260mm x 350 mm.  
Also available in metal housing

### Bench Platform

Capacity- 32kg to 150kg  
Accuracy - 2g to 20g  
SS Platter & SS Back Rail  
Platform Sizes: 350mmx450mm,  
400mmx400mm, 450mmx450mm,  
450mmx550mm

### Dust Proof

Capacity- 5kg and 10kg  
Accuracy - 0.5g and 10g

### Marvel

Capacity- 5kg to 35kg  
Accuracy - 0.5g to 5g  
Platter size - 260mm x 350mm.  
Also available in metal housing

### Counting (bench platform)

Capacity- 30kg to 75kg  
Accuracy - 2g to 10g

### Price Computing Scale (bench platform)

Capacity- 30kg to 120kg  
Accuracy - 5g to 10g
